

WALLPLATE Round Plate COPPER

WALLPLATE plates are a range of high thickness aluminium alloy containers, with the quality standards of industrial products.

The product is complete with adapter for two-module recessed boxes, sealing gaskets and the natural surface finish gives an aesthetic value typical of industrial components.

TECHNICAL SPECIFICATIONS

Standard	IEC/EN 602208 IEC/EN 60670-1
Material	Aluminum alloy
Treatment	Copper plated aluminum (protective treatment on request)
Protection grade IP	IP20 - IP35
Impact resistance	IK10
Isolation class	I
Storage temperature	-50°C - +90°C
Operating temperature	-40°C - +90°C

Recommended support:
Recess suggested of $\varnothing 80$ mm

PTF2-Copper

Dimensions (mm)
 $\varnothing 96$ (with screws $\varnothing 114$) - H 43

Modules not included
