

TUBE SILVER

Genuit metal tubes guarantee excellent impact resistance, ensuring in case of dispersion, thanks to the relative fittings, the electrical continuity up to the grounding inside the Genuit Wallboxes.

TECHNICAL SPECIFICATIONS

Standard	EN10305-3
Material	Galvanizing steel
Treatment	Aluminum die casting (protective treatment on request)
Protection grade IP	IP40 - IP67
Impact resistance	IK10
Isolation class	I
Storage temperature	-50°C - +90°C
Operating temperature	-40°C - +90°C

T22 Silver

Ø22 x 1 x 3000 L.
